

## THE LOUISVILLE GAS AND ELECTRIC COMPANY

will be ready . . . to meet the steadily increasing demand for gas and electric service in our growing community. It is imperative that LG & E facilities always stay ahead of need. The Cane Run Power Plant, below, is symbolic of the company's capacity to serve when needed. In the future when there will be more people, more industries and more businesses calling for more gas and electricity . . . your Louisville Gas and Electric Company will be ready.
